

Oil to Heat Pump Affordability (OHPA) program-Manitoba

1

What is available through the program

-  **Up to \$20,000**
For eligible homeowners who live in Manitoba, an upfront grant payment of up to \$15,000 is available in federal funding, plus an additional up to \$5,000 through the province.
-  **\$250 bonus payment**
A one-time payment of \$250 is being offered to further assist participants in the OHPA program with the costs associated to transition from oil heating to an eligible electric heat pump.

Is your home heated by oil?

You may be eligible to receive an upfront payment of up to \$20,000 to switch from oil heating to new, energy-efficient heat pumps if:

- you are a Manitoba homeowner
- you heat your home with oil
- your household income is at or below the median household after-tax income
- you meet all other eligibility criteria

Federal [Oil to Heat Pump Affordability \(OHPA\)](#) program is co-delivered in Manitoba by the province.
